Joshua Z. Kyburz

3919 Tyler St NE, Minneapolis, MN 55421 | kyburzjz@gmail.com | 616-328-4847

OBJECTIVE

Constantly shifting puzzles provide fresh challenges and keep things interesting. That's why I liked Legos as a kid! Working on a team with the same mentality, building things that make the world cooler would be the ideal job.

SKILLS AND ABILITIES

Programming Languages – Capable in Javascript, Ruby (on Rails), Java, Python
Production App Support – Experienced resolving production issues, monitoring apps
CAD Software – Intermediate experience with AutoDesk Suite, Solidworks, CATIA, Pro Engineer, and Creo
Math and Physics Concepts – Proficient with math concepts as well as calculus based physics
Attention to Detail – Identifying issues upstream to ensure minimum loss of product and time
Relational Skills – Exceptional ability to get along with all co-workers and accept supervision
